OFFICIAL ORGAN OF THE NATIONAL SOCIALIST MOVEMENT

MESSAGE FROM THE NSM CHAIRMAN

Keep Your Eye On The Culprits

DON'T BE MISLED BY THE FORCED BUSSING ISSUE.

A newsman asked me the other day, "What program does your organization have for special attention during this election year."

I told him, "Do you mean, are we pro or con for any one of the candidates running for political office, what choice do we have? They are all backed by the Jew one way or another, you can bet your money on that."

"The big money interests will get their hooks into whoever it is, and will extract the concessions they want for themselves."

"Now if you are talking about BUSSING, which, of course, we are against as well as any scheme that tries to integrate the races. You see there are many organizations against forced bussing like the Ku Klux Klan and others which are up in arms about this issue, but, what they and most people do not seem to know is THAT THIS IS A FAKE ISSUE."

"The politicians who are the lackeys for the Jew interests, saw to it that so-called CIVIL RIGHTS BILLS were passed, and instigated bussing with the support of Supreme Court judges who are trying to enforce this legislation as THE LAW OF THE LAND so as to create turmoil among the people."

"They knew what they were doing, and turmoil is what they want to hide the real issue of what they are really doing. While the Whites are bashing nigger heads, and niggers are bashing White heads, they are

slowly but surely putting us into a state of Economic Slavery. THIS IS THE ISSUE."

What pay raises have you received during the last few years and do you expect to receive in the years to come? Will they offset the rise in the cost of living? Hell No! With gasoline prices more than doubled, groceries, appliances, clothing and whatever, you name it rising every month, you keep getting less and less for your dollar. This is a fact and everyone knows it, but the REAL enemy keeps your mind on other matters."

Blacks and Whites are all going into Economic Slavery. The American people had better wake up soon or else they will not be able to afford the bullet for the gun to dispatch those who are 'giving them the business.'

Mr. Newsman, if you want to know what our program is — it is REVOLUTION NOW! and we are going to do it. The time has come and we are putting it together."

We are going to be stopped? By whom? The forces we are fighting are atheistic and ANTI-CHRIST. There will be efforts by these rotten elements to stop us, but the Lord God told us, FEAR NOT, FOR I AM WITH THEE WITHER SO EVER THOU GOEST. For each one of us they kill, from the power of their blood, ten more will rise up and carry the banner."

IN HOC SIGNO VINCES!

FOR RACE AND NATION

THERE HAVE BEEN SOME CHANGES MADE...

Immediately you will notice some major changes in what we've been presenting to you, the supporter of the NATIONAL SOCIALIST MOVEMENT, in the past. No longer is our publication called the OHIO NATIONAL SOCIALIST but simply the NATIONAL SOCIALIST. No longer does it serve the purpose of merely a bulletin but now takes on much more in the area of bold graphics and a general appeal. No longer is it a quarterly release but now a monthly. Also you will note that there is now a new address at which to contact the N.S.M.

We began just over one year ago on our own after a very long association with the formerly recognized organization in the east, and we kept ourselves to

what we were sure we could handle.

With each issue we expanded and improved as our organizational efforts increased and met with continuing success. Now we are a NATIONAL FRONT and can no longer be bound by a state line. Our publication reflects that success.

Due to the sudden increase in the frequency of the NATIONAL SOCIALIST the annual subscription rate will have to be adjusted accordingly. Henceforth the new rate will be \$5.00 per year. As a note of our deep appreciation to all those loyal comrades who possess the vision and devotion to have supported and subscribed in the past, we shall see that they finish out the year regularly receiving

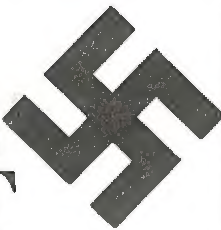

the NATIONAL SOCIALIST at no added cost.

As a quick perusal of all previous issues of our publication will reveal, we have never appealed directly for funds. If we couldn't do this thing ourselves and get it started then we weren't about to ask anyone else to do it for us. Now that we have secured astonishing success we appeal directly to you for funds. Remember, we asked no one to help us get started but we have recalled all those who have helped.

WILL YOU HAVE A SHARE IN TOMORROW'S VICTORY?

SUPPORT US ALL YOU CAN!

IT'S A WHOLE NEW BALLGAME!

Few things do I admire more than the calibre of men that Hitler had around him, the pool from which he drew his army. Seasoned, cultured, decorated veterans of the great war. Men of quality and maturity in every case and in many cases men holding doctorates in one field or another. Men whose discipline was born into them as was their honor. These types were personified by the likes of Goering, Himmler, Hess, etc. These were the officers, the aristocrats who made Hitler truly a leader of leaders. That these men existed in such numbers and gave of themselves so willingly in the first half of this century, we do now and forever shall look back upon that period as our own Golden Age. Twenty-five years from beginning to end.

These types today are extinct for all intent and purpose. For this reason alone are we in such dire straits. But there is the fact, unalterable as it is. That they were of the generation before the last is a matter of coincidence. The last generation produced one outstanding leader in the United States: Rockwell. He was equal to the best Hitler had to aid him. The main reason Rockwell was unable to achieve a lightning victory as Hitler did was because he didn't have the sufficient number of high calibre men around him. A handful were there, certainly, but they were too few. And, after Rockwell's death, the reason for the failure of his successors to even perpetuate his former work was due to a fatal flaw in their strategy and outlook.

They couldn't bring themselves to see that individual greatness is practically dead. They kept waiting, sorting, sifting, excepting and then rejecting what precious, tiny human resources that did make themselves available to the cause. As for themselves, they felt were duty-bound somehow to posture as being "great" and, in so doing, rendered themselves utterly ridiculous and despicable. The result was that today the phase of National Socialist development dominated by Rockwell during the 1960's has already become still another lost era. With a little less sheen than the Third Reich of Hitler, perhaps an age of silver by comparison, was Rockwell's American Nazi Party. But Rockwell has become

every bit as much legend today as Hitler.

Rockwell provided a carry-over for National Socialism from Europe into the New World. Rockwell succeeded admirably in anchoring the faith and propagating it on strange soil. But if his own death did not demonstrate the passing of an era, then the conduct and the miserable failure of his imitators surely must. Time will not stand still and those foolish and blind enough to try and force it to stop will be destroyed by it. But evolution carries on. Always a thread remains. The age of the dinosaur passed, the age of the battleship passed, the age of the mighty Leader has passed. In each case, for all their strength and majesty, all proved too vulnerable, actually too delicate, and certainly too immediately irreplaceable to be practical. The loss alone of Hitler and Rockwell, in turn, practically spelled death for the movement. This cannot be afforded any longer.

One of the most breathtaking and magnificent traits of the Aryan, his capacity to create leaders of stupendous proportion, has also proven to be his Achilles Heel. The ideas have always been there as have been the lieutenants, the seconders. But it has always required a Hitler or Rockwell to put all the elements together. And it has always been made childishly simple for the Jews to attack and remove the leader thus rendering the movement impotent. The end of that centuries-old phase was agonizingly played out in the first half of the 1970's with a dwarf attempting to wear the shoes of a giant. But with the turn of the decade came the long awaited turn of events of which none of us had dreamt the nature of.

Joseph Tommasi, who went through most of his career as a boy and who died as a young man, proved that an individual of seminal force need not be a poseur. Indeed, seldom, if ever is. He proved that an individual of exceptional insight and talent need not be forever on hand to guide what he has sparked. Greatness has only to brush our lives momentarily for the idea to catch on. Greatness will remain a quality of good blood. But the age of the individual has passed. There will be those who will excel in their own fields and they must be handed all the

latitude they can handle. But there must never be any indispensable persons anylonger. This for the prevention of any new tyrants plus a shield against vulnerability to death blows.

That this movement has survived, unbroken, the second World War and the assassination of Rockwell speaks for itself. But mere survival on a co-existence basis with mortal enemies is not enough. The Jew wants to finish us. He would if he were able. He is working hard to gain that ability. Only those who want to finish the Jew, who are inwardly prepared to do so now, and who are already deeply involved in the campaign to gather the means to do just that are the once who can realistically imagine a future. But the old ball game of waiting for a command from a leader, a leader who today is not at hand, is the height of suicidal insanity.

However, the picture as it is emerging now is not a dismal one. National Socialists nationwide are not sitting on their hands. The pot is boiling over as never before. Comrades remain comrades in spite of a new unheard-of independence. But even this is not enough. We have to admit to ourselves that we can accomplish our goals together by ourselves but at the same time we have to accept the reality that to do this we shall have to achieve an unprecedented degree of unity, co-ordination, and faith in one another and let absolutely nothing stand in the way of our maintaining such an accomplishment.

Once we fix ourselves on such a course not only will such things as World Wars or such things as assassinations not be able to stop us, they won't even be able to slow us down. So we've got to work together as never before, inter-act at every turn, draw ever closer, use every ounce of human resource that we have, overlook no possibility, fear no course of action, and depend solely upon ourselves from this point onward. This is the only way to revolution, successful revolution. Those who aren't serious about what they are doing and those who are not truly National Socialists will not have it in them to grasp this and put it into effect. The coming months shall be revealing.

LIVING UNDERGROUND

The Acquisition
and use of False I.D.'s
By Raymond L. Chaney
N.S.L.F. *Midwestern*
Coordinator.

All participants in the National Socialist and White Revolutionary Movement must face up to the fact that some day, sooner or later, there is a distinct possibility that they will have to go underground, whether they are political terrorists who must do so to evade the authorities or pamphlet peddlers who are forced to carry the struggle underground because of illegal and repressive measures taken by an alien-controlled, anti-White system hostile to our ever-growing movement.

By underground, we mean completely underground. None of this business of being a part-time revolutionary by working a regular 9 to 5 job and living an otherwise normal life except for sneaking around in the dark a couple of hours once a week. What we are talking about here is a complete change of life-style, a 24-hour a day job of not only fighting for the Movement but for your own survival as well. A dangerous situation, indeed; but one which you are bound to be drawn into should you decide to continue the fight at a time when our Movement has reached the point where our enemies must decide whether to just sit back and let us take power in this country, or outlaw our Movement, round us all up, and jail us to face life imprisonment and execution for treasonous crimes against the state.

Seriously, which course of action do you believe the enemy will take?

So much for theorizing.

Let's get down to basics. Whether or not you believe or disbelief that you'll ever need to carry the struggle underground is irrelevant, what is relevant is whether or not you see the need to be prepared for such an event, just in case the situation ever arises.

As the Boy Scouts say, "Always be prepared." This is the purpose of the living-underground series: to prepare you, to educate you, to train you.

This first part will involve a basic discussion and look at the various means and techniques of obtaining false identification papers and their use once you have acquired them. The methods discussed below, at present, valid and could be used tomorrow if necessary, however, at this time, the government is taking strong measures to render these methods obsolete.

But once you have a basic knowledge of these systems by keeping abreast of the latest changes and government counter-measures and, with a little imagination, you can cook up your own little techniques and tricks and always keep a step ahead of the system. So, unless you are thinking of either giving up the fight or heading for the hills and digging a little hole to hide in when the REAL BATTLE comes...

The best method that we know of in building one's self a whole new identity involves assuming the identity of a dead person, who, had he or she lived, would now be approximately your age. The first you'll need to do is make a trip around some of your local cemeteries. Look at the tombstones and get the name of someone who, as stated above, would now be approximately your own age. Of course, this person must also have been your own sex (half-wits, please note!). Also, the deceased must have been born in the state in which you will be applying for a copy of their birth certificate. It's even better if you can get the name of someone who died in another state or who died at birth or shortly thereafter.

With this person's name and date of birth (and what other information you can dig up) you then apply for a copy of the deceased individual's birth certificate, posing as that person and, if asked to give reason for applying for this certificate (they rarely ask) just tell them you lost the original copy. You'll probably have to get it at your County Clerk's office or send off to the state capital. In some cases you will have to wait while they mail you the duplicate copy for which you'll need a cool address. Don't worry about them finding out that you are applying for a stiff's certificate, as we know of no state which cross-indexes births and deaths. Also, the volume of requests for duplicate copies they receive every day keeps them too busy to worry about checking you out.

Once you get this birth certificate, you can use it to get virtually any kind of I.D. that you can imagine: driver's license; state employment card; Social Security card and other supplementary I.D. like a Library card, which is relatively easy to get anyway. Even a U.S. Passport! But don't get a passport until you have definitely decided to split the country. That way the passport office will have less time to check the information and you can make up your mind on the disguise

you'll use for the picture.

Now here is where the fun comes in. Once you get all these different kinds of I.D.'s to prove who you 'really' are, you can use them for all sorts of little goodies. Open a fake checking account and go on a shopping spree around town. Don't worry about your checks bouncing, when the bank tries to chase you down they'll hit a blank wall. Buy about \$500 worth of traveler's checks, report them stolen, get another \$500 worth and spend all \$1000! You can even get a food stamp card using one (or more!) false I.D.! When things get too hot, write out a check for an air line ticket to another state where you can start all over! As you can see, there are more uses for false I.D.'s than just hiding out from the pigs. Hell, if you are going underground you might as well live it up! Play it cool and watch your step and you'll never get caught.

Drop a line to Eden Press, 16681 Evergreen Circle, Fountain Valley, Cal. 92708. For about \$5, you can send them your picture and they'll send you what looks to be a state I.D. card, under any name you wish and for any state. They also have fake birth certificates, high school and college diplomas, and some really good books on living underground, getting credit cards, etc. For only \$5.95 you can get a copy of "The Paper Trip", the best and most comprehensive explanation of false I.D.'s that we have seen yet.

Another method is to obtain a set of papers from a close friend of similar characteristics. Your friend can replace the originals without too much trouble and you can use the copies in your possession to obtain more authentic papers. If you would rather get into forging your phony papers yourself, you'll have to wait until the next issue of the NATIONAL SOCIALIST for the second part of the "Living-Underground" series on phony I.D.'s: "Forgery and other Methods".

⚡ ACTION REPORT ⚡

JEWS BLOW OPPORTUNITY OF ADVANCE PUBLICITY.

On March 28th the Cincinnati Enquirer printed an article in which it was intimated that a number of Jews or Jew groups might desire to counter-demonstrate two upcoming N.S.M. events: the Hitlerfest and the Rudolf Hess picket.

The actual dates for these activities were announced by the Enquirer a full month before they were scheduled to take place which gave the Jews THIRTY DAYS in which to make their "plans". As it transpired, no Jews were anywhere to be seen at either of the occasions.

This "attitude" is going to be what costs the Jews.

Cincinnati Enquirer
Sunday, March 28, 1976

Frank Weikel

BEHIND THE SCENES: I understand that representatives of a local Jewish organization are looking into a planned "birthday celebration" that will be staged in the Cincinnati area by a group of NAZI sympathizers to commemorate the birthday of Adolf Hitler.

This column was contacted after an item noted that the celebration was scheduled here on April 17 (the actual birthdate is April 20) and would include leaders of anti-Jewish and anti-black organizations.

What . . . if any . . . protest action is planned against the NAZI birthday party was not revealed by the representatives of the Jewish group who telephoned my desk.

INTERNAL FUNCTIONS TAKING BACK SEAT TO ORGANIZING.

The number and frequency of internal activities is beginning to slacken as the N.S.M. begins to find that it has 90% of its "stuff" together. Private, unannounced gatherings when they are not seriously called for

amount to club work and that is just what the N.S.M. will never be accused of.

Following the last report, the three meetings which have taken place were on April 3rd, in Warren County, Ohio, on April 9th, in Columbus, Ohio, and on May 11th, again in Columbus. The policy henceforth shall be to meet in secret only when necessary and never to allow this practice to overtake our efforts at organization.

87th GEBURTSTAG OF THE FUEHRER MARKED.

The N.S.M. celebrated on April 17th the annual Hitlerfest in Cincinnati. Held in the famous Cincinnati tavern that has been traditional location for all area National Socialists, the gathering was attended by new friends as well as old familiar comrades to make this the greatest evening of the year a success.

In spite of the fact that the location had not been publicly disclosed, the Cincinnati press undertook a phone call campaign to major bars in the city asking randomly for Movement Chairman Robert Brannen. Finally, he was located in this manner and an interviewer was quickly dispatched to the scene.

Friends representing various rightist organizations were on hand including those from the National States Rights Party, The American White Nationalist Party, and United Klans of America. Regardless of name or symbol, the program remains the same as does the common allegiance to THE GREATEST MAN IN HISTORY.

N.S.M. ANSWERS A LIAR.

The Movement issued its official rebuttal on April 18th to the absurd smear attacking Chairman Robert Brannen published on February 15th by the Franklin Road Club of Arlington, Va. The lengthy memorandum, entitled ANATOMY OF A SMEAR, covers in depth the background and nature of the reckless and irresponsible smear attack on Comrade Brannen.

We are pleased to be able to report that todate, over three months from

the issuance of the smear, not one hostile letter or comment has been received by the N.S.M. This tells us that the people who today make up the general movement have matured and were able to consider the source of the smear and thereby judge its validity.

The rebuttal itself however should be read by everyone who desires to remain abreast of what actually goes on behind the scenes in Franklin Road Club operations. Copies have now been circulated to all responsible movement leaders and are now available to the public. Copies are available for 50 cents a piece. Request ANATOMY OF A SMEAR.

WHITE CONFEDERACY TAKES CARE OF ITS OWN.

The very able and very highly respected leader of the National Socialist Party of America, our good Comrade Mr. Frank Collin, telephoned the N.S.M. from Chicago on April 26th and informed us that according to his intelligence sources, the word has officially gone out of Franklin Road to disrupt N.S.M. activities.

Not only had the Movement anticipated just this sort of thing, we also were perfectly aware of exactly who the supposed agent was. Active service in the Franklin Road group for a decade didn't go for nothing. Not only were the tricks of the outer enemy learned, but also those of the inner foe which the Franklin Road group has become. The N.S.M. is not susceptible to subversion.

Our deep thanks goes to Mr. Collin and the entire N.S.P.A. for their much appreciated care and concern in closing ranks with us in the face of what can only be described as a government inspired attempt to undermine and destroy a genuine National Socialist Front. We stand ever ready to repay the favor at the very first chance.

South Lebanon Man Marches To Free Rudolf Hess, Nazi War Criminal

By DAVE LYON

A South Lebanon man heads an American Nazi splinter group and takes part in a yearly "showing of the swastika" in front of Cincinnati's downtown federal building.

Robert F. Brannen, 49, has been involved in white supremacist organizations for

confined since May 10, 1941. During World War II he was held incommunicado and after the war was given a life sentence at the Nuremberg trials.

Brannen and the five other swastika-wearing pickets distributed leaflets to passersby explaining that Hess was seized after flying to Great Britain "in a heroic attempt to open peace

keep protesting."

Picketing Since 1968

Brannen has joined in the annual picketing since 1968, when he joined the National Socialist White People's Party, the American Nazi organization of George Lincoln Rockwell, who later was killed.

A native of Cincinnati, Brannen served as a teenager in

said.

"I was young then, but I started searching for the truth. I came to the same conclusions that Rockwell did and in about the same manner."

He joined various extremist groups, including the Ku Klux Klan, and eventually was attracted to Rockwell's Nazi party because "it was the only organization that was doing anything."

Brannen met Rockwell a number of times and was impressed with him. After Rockwell's death, Matt Koehl assumed command of the Nazi party, but it became apparent, Brannen said, that Koehl lacked Rockwell's leadership qualities.

Koehl had run-ins with some party leaders, and they were dismissed or drifted away to form their own Nazi-type groups.

Founded Movement

Brannen said he was dismissed without explanation from Koehl's party in 1974. Brannen then founded the National Socialist Movement "to keep the movement alive in Southern Ohio."

As chairman of the NSM, Brannen publishes the organization's newsletter, the Ohio National Socialist. The editor is a Chillicothe-area man, James N. Mason, who took part in the picketing Saturday.

Now Brannen is involved in trying to convince the various white-power organizations to work together in a "white confederacy." Their first project was earlier this spring — distributing anti-busing leaflets in Columbus.

Taking part in Saturday's picketing were men from the National Socialist Liberation Front, NSM, United White People's Party, and National Socialist White People's Party-

many years and currently is chairman of the National Socialist Movement, which has members in several states.

Each year, on the Saturday nearest to May 10, Brannen and representatives of other Nazi-type organizations in Ohio go to Cincinnati and picket the federal building.

Aim of their demonstration is freedom for Rudolf Hess, 81, sole occupant of Berlin's Spandau prison. He has been

negotiations. But powerful world interests did not want peace. International Jewry had decided that Germany was to be destroyed, even if this also meant the destruction of Britain."

Asked by a Cincinnati newsman Saturday whether he expected Hess ever would be released, Brannen said, "Probably not, because the Jews are in control of the country — everything. But we'll

World War II. He has lived in South Lebanon for the last several years and works at a factory in Dayton. He and his wife have five sons and five daughters.

"When I came home (from the war), shortly thereafter certain events happened on the national scene that alerted me to treason by our government officials and, of course, I was dismayed at their cooperation with the Communist states," Brannen

Ohio.

"This is what Koehl's afraid of," Brannen said of the efforts to pull together the various white-power organizations that Koehl does not control.

In February, Koehl's "National Socialist Bulletin" printed front and side views of Brannen, and a physical description, under the heading of "The face of an agent provocateur."

Brannen was described as a "professional troublemaker" and FBI informer. "Party comrades who have additional information about this character are asked to contact the party's security division," the bulletin added ominously.

"I was shaken up at first," Brannen acknowledged, "but I'm not any more. I've got a job to do, and I can't worry about it."

He said he has never made accusations against Koehl but that Koehl is upset with Brannen because Koehl's party is losing

members to Brannen's organization.

"I've got mail coming in every day from people wanting to join us," Brannen reported. "The mail is stacked up. What I need is a full-time secretary."

"People In Position"

The South Lebanon man, who ran unsuccessfully for mayor in 1971, contended that his organization "is more powerful than most people think. We've got people in influential positions."

Saturday's 90-minute picketing of the federal building went off without incident, other than occasional derisive comments from pedestrians and motorists passing by.

"It's pretty quiet today," Brannen observed, recalling the previous year when the swastika-wearing pickets scuffled with citizens who do not hold the same views that the neo-Nazis do about race, religion, or national origin.

ACTION REPORT

continued from page 5

from what was probably the most likely place of all. On April 27th two agents of the F.B.I. visited the N.S.M. Chairman and said that they had been told that he was supposed to be one of them. The smear had charged that Brannen was an F.B.I. pimp. Of course the F.B.I. itself knew it to be a joke.

The Federal Agents had actually come to impart one word of warning to the movement chairman. The trick of labelling one as a pimp, they said, was a very old one. The object being to set one up for assassination at the hands of someone inside the movement, thus taking the heat away from the reds or the blacks.

Brannen told them that he was sure no member of the movement would take the thing serious. Events later proved him right. The F.B.I. men had urged Brannen to uproot his home and depart the area to save his life. The visit wasn't one of mercy after all. Aside from Franklin Road wishing to see the N.S.M. out of action there is the Federal Government. Something worth considering.

MOMENTUM BEING MAINTAINED ON LITERATURE PRODUCTION.

On April 30th the N.S.M. released

three more leaflets in its continuing campaign to give the Movement a solid and attractive line of propaganda with which to reach the public. The three new additions are: GOD HELP US, WORK OF THE LORD and SEIZE THE TIME. All are professionally produced and are ready right now for mass purchase.

DEMAND FREEDOM FOR RUDOLF HESS.

On May 8th the N.S.M. was joined by the National Socialist Liberation Front, the United White Peoples Party, and the Ohio N.S.W.P.P. in picketing before Cincinnati's Federal Building for the release of Rudolf Hess. See the article on page 6 for complete details. We want to take the opportunity to salute those comrades from Louisville, Ky. and from Cleveland, Ohio and other parts of Ohio for performing their duty to this greatest living comrade by joining with us in Cincinnati on May 8th.

N.S.M. ORGANIZER FREED.

In a move which surprised everyone, bewildered some, and enraged others, the N.S.M. Organizer Gregory Hurles was released from prison on May 14th having completed only one half of the

six-month sentence handed down by Chillicothe anti-White, prostitute municipal judge "Sweet" William Sammons. The press handled this sudden shock by claiming that it had been due to Hurles' wife's pregnancy that he was being freed.

The press neglected to mention that an earlier pregnancy had ended in miscarriage due to the trauma of the original pronouncing of the six-months sentence on a falsified charge of assaulting a gang of nigger teenagers. So much for the benevolence of the low court. Very few people in Chillicothe were aware of the actual reason for the sudden release.

In another of the ever continuing and highly embarrassing cases when the judge and the whole stinking city hall apparatus was confronted by one lone citizen in possession of certain damaging information, a solution was arrived at for that individual's silence. The N.S.M. Organizer was to be freed immediately and without probation. No sooner said than done. True, for the moment we lacked the fire power to control these dogs, but there are other ways.

2 HALFTRACKS LAUNCH CLERMONT SHERIFF RACE

By RANDY MCNUTT
Batavia Bureau Chief

BATAVIA, Ohio — Junkyard operator John E. Coyne, 32 launched his battle-campaign Thursday for Clermont County sheriff by parking two World War II halftracks in front of the courthouse.

Coyne is seeking the post as a write-in candidate in the November election.

He spent six months in jail last fall rather than remove a Sherman tank from a small piece of land on Twelve Mile Road, near his Boothill auto graveyard in New Richmond.

"The one halftrack has swastikas on it to visually dramatize the gestapo-style tyranny, corruption and oppression which runs rampant throughout Clermont County," he said.

COYNE SAID he is not affiliated with the American Nazi Party. "I'm a totally independent American capitalist who's got the spirit of 1776 — not 1976," explained the bearded salvage yard owner who refers to his six-month jail stay as a "unique-Bicentennial story."

For nearly 10 years he has fought local officials over such matters as failure to erect a fence around his junkyard and the tank issue.

He was released from jail last March 15 when Common Pleas

Judge Ralph Hill reversed an earlier decision and found Coyne not in contempt of court for failing to move the 38-ton tank.

HILL RULED the tank was a collector's item — and not junk, as was previously ruled.

During his campaign, Coyne said he will "expose Clermont County for what it is — crime ridden." And if elected, he will take a "substantial loss in income just to serve."

Coyne said he expects to have the vehicles parked in front of the courthouse for about two weeks. Under village ordinances, a vehicle may be parked on the street indefinitely, providing money is placed in the parking meters, Police Chief N.C. Ward said.

ACTION REPORT

continued from page 7

Your editor, having been invited to attend a meeting of the National States Rights Party, dutifully showed up on the evening of May 15th at the Monroe, Ohio location. This had been his very first N.S.R.P. function and it was felt that it was high time to establish cordial relations with this longstanding and widely recognized rightist front.

We were warmly greeted as we entered by N.S.R.P. Organizer, Mister Jerry Pope, and by Dr. Edward R. Fields who certainly needs no introduction. Also there were many old friends familiar from our own gatherings. During the proceedings, it was confirmed that our two organizations are indeed pursuing the same goal and that only strategically and tactically do we differ. It was also learned what a fine, impressive speaker Dr. Fields is.

To its credit, the N.S.R.P. has the fact that Dr. Fields was the sole American representative at the European Nationalist Commemoration of fallen soldiers of both World Wars held in Diksmuide, Belgium, during the previous summer. We congratulate for the services of the past the N.S.R.P. in acting as a gatherer of solid, racially aware Americans who will play a role in the victory of the coming revolution.

By MIKE WINES
Louisville Times Staff Writer

A list of 106 Louisvillians whose death apparently is advocated by a neo-Nazi group is being examined by the FBI, U.S. Atty. George Long said yesterday.

The list, printed on the back of a National Socialist Liberation Front poster under the heading, "Death to the Bourgeois of Louisville," contains the names of a number of prominent citizens.

Many names apparently were taken from a July 31 advertisement urging people to avoid violence over busing to desegregate the schools.

"The FBI has that matter under surveillance," Long said of the list. "They have known about it for a few days, way. The problem is where's the list."

The poster shows how the phrase "above that is a future belong" will get our swastika appears.

An FBI spokesman said he did not know if his office knew of the list, and

declined to speculate on whether it was a violation of federal laws. Long said his office would not look into the matter until the FBI has completed its investigation.

Among the best-known names on the list were those of Mayor Harvey I. Sloane, County Judge Todd Hollenbach, U.S. District Judge James F. Gordon and Barry Bingham Sr. and Barry Bingham Jr., chairman of the board and editor and publisher, respectively, of The Courier-Journal and Louisville Times Co.

Others on the list included prominent and not-so-prominent members of the city's Jewish community, including "any one with the name Levi or Levy."

Police reported that the list was a "hostile" and "anti-Semitic" document.

ARMED STRUGGLE

It was hot. About 2,000 chanting and vehement protesters against busing of schoolchildren marched through the downtown streets of Louisville yesterday. Many carried signs, some of which read: "You ain't bad, You ain't cool. Keep the niggers out of our school." As time passed, this chant became the theme song of the protest. Several girls formed a chorus line and, kicking and jumping, sang it in cheerleader fashion.

Other signs bore the legends—"Bus Gordan (sic) to hell," "Do away with Washington say," and "What wans Some also made obscene gestures."

Mostly leaderless. To a large extent, the protesters' march was leaderless. Many of the protesters were members of union day off from work.

The protesters replied with shouts and jeers. Two of them, young men in brown shirts, black pants and motorcycle helmets, carried signs with a Nazi emblem. The crowd joined them in chanting, "White power."

About 2:45, when most buses and cars headed south, the crowd carried

Threats were Bates, Cochran, Fern Creek, Gilmore Lane, Lauckhof, Modera, Mill Creek, Minors Lane, Norton, Rangeland, Stonestreet, Waller, Watson Lane and Waterson.

Frost, Knight and Newburg middle schools, and the Brown Education Center.

Meany's letter says the national union understands "the emotionalism that has swept over your area as a result of the court's decision. We understand that in some cases and even, perhaps, in justices in certain specific instances."

"But we recognize as well that the emotional response has been fanned into hysteria by members of the Ku Klux Klan, extremists from the Boston area and other groups who prefer to exacerbate hatreds rather than seek sensible resolutions."
